Description

The International Hospital Federation (IHF) is an international not for profit, non-governmental membership organization. Our members are worldwide hospitals and healthcare organizations having a distinct relationship with the provision of healthcare. We provide them with a platform for the exchange of knowledge and strategic experience as well as opportunities for international collaborations with different actors in the health sector. The IHF recognizes the essential role of hospitals and health care organizations in providing health care, supporting health services and offering education. Our role is to help international hospitals work towards improving the level of the services they deliver to the population with the primary goal of improving the health of society.
